

What our clients are saying about our outstanding dementia services

“Tremendously helpful. My father is particularly difficult with increasing dementia issues. The team helped me navigate through these testing times. The manager and her team have the patience of saints!”

“Everyone wants the best for their loved ones and nothing is too much for this amazing company, they embraced Mum’s care with respect and kindness at all times.”

“It was such a pleasure to meet Trevor. The information he shared with us was so interesting and will be very useful. It has given us lots to think about.”

Dementia Specialists

90% of our clients have some form of dementia. Our carers receive expert and specialist training to care for our clients with this condition. All of our staff are experienced in dementia care and fully trained to a very high level for dementia support.

Dementia Expertise

Trevor Mumby is our very own psychoanalyst and counsellor and author of a number of dementia support publications. Trevor brings his wealth of specialist knowledge in dementia care to provide direction for Mumby's.

He offers valuable dementia support to the team and the client's family including:

1:1 bespoke advice as needed.

A visit to each client's home to provide information and guidance for the carers and the families.

First-rate dementia training for all Mumby's carer staff. Specialist care training is delivered by Trevor on how to live with a client who suffers from dementia.

Award-Winning Dementia Care

Mumby's is recognised for their exceptional dementia live-in care and are winners of the prestigious Home Care Award (HCA) 2021 for Mental Health & Dementia Care Expertise. These awards provide the UK benchmark for service excellence in home care, domiciliary care and live-in care.

Outstanding CQC Rating

Mumby's CQC report scores an outstanding rating. It says:

"People were supported to have maximum choice and control of their lives and staff supported them.... they encourage her with her music and go through family albums". It continues "The service was an excellent role model for other services."

Benefits Of Mumby's Specialist Live-in Dementia Care

- ♥ Care in the calm and safety of home as opposed to a noisy care home.
- ♥ No upheaval or confusion of moving. Care is in familiar home surroundings.
- ♥ Daily routines are maintained. Meal and bedtimes don't have to fit into a standard routine schedule of a care home.
- ♥ Happy and precious memories surround and comfort your loved one.
- ♥ Stimulation of living independently. Sensory and physical activities encouraged. 1:1 support can slow the progression of dementia and improve sleep patterns.
- ♥ Socialising is effortless. Gardening, playing games, making crafts and watching television are enjoyed. Friends and family conveniently visit. Social activities are safely accompanied.
- ♥ Assistance with daily tasks as required. Shopping and cooking nutritious meals, ironing and cleaning can all be provided. Medications are taken as required.
- ♥ A watchful eye prevents falls.
- ♥ Reassurance for the family who can relax and live their own life.
